Welcome

As we head into this year's benefits enrollment, it's amazing to reflect on how much we've accomplished together over the past year. This year has brought many challenges and successes for the DBM Global family of companies, and I am continually impressed by the resilience and dedication of our teams. Thanks to your hard work, we are the strong company we are today.

Over the past few years, we've talked a lot about harmonizing our benefits across our companies to make things more consistent for everyone. I'm excited to share that this work is now complete — and for the first time in several years, there are no plan changes for 2026.

Here's what you can expect:

- Same great coverage - All insurance carriers remain the same, including United Healthcare, Delta Dental of AZ and EyeMed Vision.
- We are continuing to offer TextCare for all employees enrolled in a medical plan.
- The Company will continue contributing to Health Savings Accounts for those enrolled in the High-Deductible Health Plan - \$400 for individuals/\$800 for families.
- The Dependent Care Flexible Spending Account limit is increasing to \$7,500.

Even with healthcare costs continuing to rise, DBM Global is absorbing most of the increases so we can keep offering a competitive and comprehensive benefits package that supports you and your families.

As we look ahead to 2026, I want to take a moment to say thank you. Your hard work and commitment makes all the difference. **Our Core Values — Builders, Excellence, Servant Leadership, Transparency, and Team** — truly reflect who we are and what sets us apart.

Thank you for everything you do to make DBM Global and our family of companies' leaders in the industry.

Sincerely,

Rustin Roach

CEO & Chairman

Health Savings Account

Health Savings Account

A Health Savings Account (HSA) is an easy way to pay for healthcare expenses that you have today and save for expenses you may have in the future. It is a tax-advantaged, savings account that is offered if you enroll in the High Deductible Health Plan (HDHP).

You and DBMG can contribute pre-tax money to your account to save for out-of-pocket healthcare expenses. Any money you don't spend grows year after year and can be used in the future, even after you retire.

How the HealthEquity HSA works

A HSA account will automatically be created to eligible employees enrolled in the UHC HDHP. HealthEquity will send a debit card to use for eligible expenses. Employees are not required to contribute to the HSA, but it is required to receive employer contributions.

To help you get started, DBMG contributes to your HSA.

DBMG Employer Contributions:

- Employee Only: \$400
- Employee + Dependents or Family: \$800

These contributions are split into two payments in late January and July.

2026 IRS Maximum Contribution Limits (Including Employer Contributions)

- Employee Only: \$4,400
- Employee + Family: \$8,750

Reasons to Have an HSA

Tax-free. No federal tax on contributions, or state tax in most states. Withdrawals are also tax-free as long as they're for eligible healthcare expenses.

No “use it or lose it.” Your balance rolls over from year to year. You own the account and can continue to use it even if you change medical plans or leave the company.

Use it now or later. Use your HSA for healthcare expenses you have today or save the money to use in the future.

Boosts retirement savings. After you retire, you can use your HSA for healthcare expenses tax-free. You can also use for regular living expenses, which will be taxable but without penalties.

Are You Eligible?

You are eligible to contribute to an HSA if:

- You are enrolled in the **HDHP**
- You are **not** enrolled in **Medicare**, Medicaid, TRICARE for or VBA.
- You are **not** covered by your spouse's health plan
- You are not eligible to be claimed as a dependent on someone else's tax return

Flexible Spending Accounts

Health Care Flexible Spending Account

The Health Care Flexible Spending Account (FSA), through HealthEquity, allows you to contribute pre-tax dollars to pay for medical, dental or vision expenses not reimbursed by your health plan. The Health Care FSA can be used by you, your spouse and dependent children.

PLEASE NOTE: To participate in the Health Care FSA, you must enroll in this plan each year, even during a passive open enrollment. Elections made in 2025 will not continue in 2026.

How To Use Your Health Care FSA

You decide how much to contribute to your Health Care FSA each year, with a maximum of \$3,400. You will receive a debit card from HealthEquity to use for eligible expenses.

Eligible Expenses Include:

- Office Visit Copays
- Deductible and Coinsurance
- Prescription Medication
- Chiropractic Care, Acupuncture, and Physical Therapy Expenses

For a complete list of eligible expenses, refer to [IRS Publication 502](#) or visit www.LivvWise.info.

Don't Lose Your Funds

Carefully consider your contributions to the Health Care FSA. The money you set aside must be used during the plan year – funds not used will be forfeited*.

*A carry over provision may apply. Please contact Benefits@dbmglobal.com for additional information.

Limited Purpose Flexible Spending Account

The Limited Purpose Flexible Spending Account (LPFSA), is specifically designed for employees enrolled in the HDHP and Health Savings Account (HSA). An LPFSA can be used alongside an HSA, allowing you to maximize your tax-free savings. You can use HSA funds for medical expenses while using **LPFSA funds for dental and vision care only.**

Flexible Spending Accounts

Dependent Care Flexible Spending Account (DCFSA)

A Dependent Care Flexible Spending Account (DCFSA), through HealthEquity, allows you to contribute pre-tax dollars to pay for eligible dependent care expenses. Eligible dependents includes, children under age 13, a disabled spouse, or an older parent in eldercare. You must re-enroll in this plan each year.

When enrolling, you decide how much money you want to put into your account for the year on a pre-tax basis, up to the IRS limits. When you have an expense that qualifies for reimbursement, you can submit a claim with any necessary documentation, and you will receive a tax-free reimbursement.

The maximum amount you can contribute for 2026 has increased to \$7,500 (If you are married and file a separate tax return, your annual maximum contribution is \$3,750 a year).

Don't Lose Your Funds

Carefully consider your contributions to the DCFSA. Any unused funds are forfeited per IRS regulations. Expenses need to be incurred before the last day of the year or your last day of employment.

Claim Reimbursements

You can only receive reimbursement up to the amount that has been payroll deducted to date. Claim reimbursement is based on the date you receive the dependent day care service, not the date you pay the invoice or the date you are billed. The DCFSA plan year runs from January 1, 2026, through December 31, 2026, and you have until March 15, 2027 to submit claims.

Eligible Expenses

Here are some of the most common Dependent Care eligible expenses. A full list of eligible expenses can be found at www.healthequity.com or on [IRS Publication 502](#).

Common Eligible Expenses

Payments to nursery schools, day care centers or individuals who satisfy all state and local laws and regulations

Payments for before-school care and after-school care beginning with kindergarten and higher grades

Payments to relatives for care of a qualifying dependent(s); however, the relative cannot be your tax dependent or your child if under age 19 as of the end of the calendar year; and

Payments (in lieu of regular day care) to day camp (for example, soccer, computers, etc.), but not overnight camps

401(k) Retirement

At DBMG, we are committed to supporting the long-term financial well-being of our employees. Planning for retirement is an important part of achieving financial security, and our 401(k) Retirement Plan through Principal provides an excellent opportunity to save for the future.

Eligible employees are **automatically enrolled** to contribute 6% of your eligible pay in the plan on a pre-tax basis. Participation begins on the first pay date of the month following 30 days of employment. You can adjust your contributions at any time by contacting Principal.

Growing Your Account Balance

You may choose Roth contributions on an **after-tax** basis through payroll deductions. This means you pay taxes in the year contributions are made, and withdrawals (earnings and contributions) are tax free, provided you are at least age 59 ½ and the account has been open for at least five years.

Employer Match

DBMG matches 100% of the first 3% you contribute and 50% of the next 2% you contribute. You will become fully vested in your employer match after 2 years of employment.

Investments

You have a variety of investments to choose from. You can either “build your own portfolio,” select a “pre-built portfolio,” which is an investment option that is based on your expected retirement age (called “Target Date Funds”), or you can select the plan’s professionally managed investment solution (called “Target My Retirement”).

- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request health plan enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within 60 days after the loss of such coverage.

If you request a change due to a special enrollment event within the 30-day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in DBM Global's health plan if you

become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within 60 days after you gain eligibility for medical plan coverage. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility—

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the following deductibles and coinsurance apply:

- \$500 Deductible, 20% Coinsurance
- \$2,000 Deductible, 20% Coinsurance
- \$3,400 HDHP, 30% Coinsurance

If you would like more information on WHCRA benefits, contact DBMG Benefits Manager (benefits@dbmglobal.com).

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, contact DBMG Benefits Manager (benefits@dbmglobal.com).

The 'No Surprises' Rules

The "No Surprises" rules protect you from surprise medical bills in situations where you can't easily choose a provider who's in your health plan network. This is especially common in an emergency situation, when you may get care from out-of-network providers. Out-of-network providers or emergency facilities may ask you to sign a notice and consent form before providing certain services after you're no longer in need of emergency care. These are called "post-stabilization services." You shouldn't get this notice and consent form if you're getting emergency services other than post-stabilization services. You may also be asked to sign a notice and consent form if you schedule certain non-emergency services with an out-of-network provider at an in-network hospital or ambulatory surgical center.

The notice and consent form informs you about your protections from unexpected medical bills, gives you the option to give up those protections and pay more for out-of-

network care, and provides an estimate of what your out-of-network care might cost. You aren't required to sign the form and shouldn't sign the form if you didn't have a choice of health care provider or facility before scheduling care. If you don't sign, you may have to reschedule your care with a provider or facility in your health plan's network. [View a sample notice and consent form \(PDF\)](#).

This applies to you if you're a participant, beneficiary, enrollee, or covered individual in a group health plan or group or individual health insurance coverage, including a Federal Employees Health Benefits (FEHB) plan.

ACA Disclaimer

This offer of coverage may disqualify you from receiving government subsidies for an Exchange plan even if you choose not to enroll. To be subsidy eligible you would have to establish that this offer is unaffordable for you, meaning that the required contribution for employee only coverage under our base plan exceeds 9.96% in 2026 of your modified adjusted household income.

Medicare Part D Notice Important Notice from DBM Global About Your Prescription Drug Coverage and Medicare Creditable Coverage Notice

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with DBM Global and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. DBM Global has determined that the prescription drug coverage offered by UnitedHealthcare is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered **Creditable Coverage**. Because your existing coverage is **Creditable Coverage**, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

Legal Notices

Medicare Part D Notice

Important Notice from DBM Global About Your Prescription Drug Coverage and Medicare Creditable Coverage Notice (*continued*)

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your DBM Global coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under UnitedHealthcare is **creditable** (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your DBM Global prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with CLIENT and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through CLIENT changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at socialsecurity.gov, or call them at 800-772-1213 (TTY 800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
