Welcome

As we prepare for our 2027 benefits enrollment, we have much to be excited about as we look to the future. This year marked an important milestone for the DBM Global family of companies as we joined IES Holdings, Inc. This exciting new chapter brings opportunities for continued growth and investment in our businesses and our people, supported by IES's financial strength and long-term ownership approach.

While our ownership has changed, **our commitment to our employees and the Core Values that define us remains as strong as ever. Our values of Builders, Excellence, Servant Leadership, Transparency, and Team** will continue to guide how we work together, serve our customers, and support one another.

An important part of that commitment is providing a competitive and comprehensive benefits package that supports you and your families. While healthcare costs continue to rise across the country, **DBM Global will once again absorb the majority of these increases**, helping to minimize the financial impact on our employees while maintaining the quality of our benefits.

Here's what you can expect for 2027:

- **Same great coverage** – All insurance carriers remain the same, including United Healthcare, Delta Dental of AZ, EyeMed Vision and Prudential
- **Continued TextCare access** – We will continue offering TextCare to all employees enrolled in a medical plan.
- **Increased HSA contributions** – The Company's annual contribution will increase from $400 to **$500** for individuals and from $800 to **$1,000** for families enrolled in the High-Deductible Health Plan.

As we look ahead to 2027, I want to personally **thank you** for your hard work, dedication, and commitment. You have helped build the strong company we are today, and I'm confident that the same values and teamwork that brought us here will continue to drive our success.

I'm excited about the opportunities ahead and what we will build together as part of the IES family.

Thank you for everything you do to make DBM Global and our family of companies leaders in the industry.

Sincerely,

Rustin Roach

Health Savings Account

Health Savings Account

A Health Savings Account (HSA) is an easy way to pay for healthcare expenses that you have today and save for expenses you may have in the future. It is a tax-advantaged, savings account that is offered if you enroll in the High Deductible Health Plan (HDHP).

You and DBMG can contribute pre-tax money to your account to save for out-of-pocket healthcare expenses. Any money you don't spend grows year after year and can be used in the future, even after you retire.

How the HealthEquity HSA works

An HSA account will automatically be created to eligible employees enrolled in the UHC HDHP. HealthEquity will send a debit card to use for eligible expenses. Employees are not required to contribute to the HSA, but it is required to receive employer contributions.

To help you get started, DBMG contributes to your HSA.

Employer Annual Contributions:

- Employee Only: $**500**
- Employee + Dependents or Family: **$1,000**

Note: Employer contributions are made in two installments, late January and July. Employees must be actively working at the time of each deposit to be eligible.

2027 IRS Maximum Contribution Limits (Including Employer Contributions)

- Employee Only: $4,500
- Employee + Family: $9,000

Reasons to Have an HSA

Tax-free. No federal tax on contributions, or state tax in most states. Withdrawals are also tax-free as long as they're for eligible healthcare expenses.

No "use it or lose it." Your balance rolls over from year to year. You own the account and can continue to use it even if you change medical plans or leave the company.

Use it now or later. Use your HSA for healthcare expenses you have today or save the money to use in the future.

Boosts retirement savings. After you retire, you can use your HSA for healthcare expenses tax-free. You can also use for regular living expenses, which will be taxable but without penalties.

Are You Eligible?

You are eligible to contribute to an HSA if:

- You are enrolled in the **HDHP**
- You are **not** enrolled in **Medicare**, Medicaid, TRICARE for or VBA.
- You are **not** covered by your spouse's health plan
- You are not eligible to be claimed as a dependent on someone else's tax return

Flexible Spending Accounts

Health Care Flexible Spending Account

The Health Care Flexible Spending Account (FSA), through HealthEquity, allows you to contribute pre-tax dollars to pay for medical, dental or vision expenses not reimbursed by your health plan. The Health Care FSA can be used by you, your spouse and dependent children.

PLEASE NOTE: *To participate in the Health Care FSA, you must* ***enroll in this plan each year****, even during a passive open enrollment. Elections made in 2026 will not continue in 2027.*

How To Use Your Health Care FSA

You decide how much to contribute to your Health Care FSA each year, up to a **maximum of $3,500 annually.** You will receive a debit card from HealthEquity to use for eligible expenses.

Eligible Expenses Include:

- Office Visit Copays
- Coinsurance
- Dental and Orthodontics
- Deductibles
- Prescription Medication
- Vision

For a complete list of eligible expenses, refer to IRS Publication 502 or visit www.LivwWise.info.

Don't Lose Your Funds

Carefully consider your contributions to the Health Care FSA. The money you set aside must be used during the plan year – funds not used will be forfeited*.

**A carry over provision may apply. Please contact Benefits@dbmglobal.com for additional information.*

Limited Purpose Flexible Spending Account

The Limited Purpose Flexible Spending Account (LPFSA), is specifically designed for employees enrolled in the HDHP and Health Savings Account (HSA). A LPFSA works alongside an HSA, allowing you to maximize your tax-free savings. LPFSA funds are for **dental and vision care only.** **(**Medical expenses are not covered under this plan)

Flexible Spending Accounts

Dependent Care Flexible Spending Account (DCFSA)

A Dependent Care Flexible Spending Account (DCFSA), through HealthEquity, allows you to contribute pre-tax dollars to pay for eligible dependent care expenses. Eligible dependents includes, children under age 13, a disabled spouse, or an older parent in eldercare. You must re-enroll in this plan each year.

When enrolling, you decide how much money you want to put into your account for the year on a pre-tax basis, up to the IRS limits. When you have an expense that qualifies for reimbursement, you can submit a claim with any necessary documentation, and you will receive a tax-free reimbursement.

The maximum amount you can contribute for 2027 will remain $7,500 (If you are married and file a separate tax return, your annual maximum contribution is $3,750 a year).

Don't Lose Your Funds

Carefully consider your contributions to the DCFSA. Any unused funds are forfeited per IRS regulations. Expenses need to be incurred before the last day of the year or your last day of employment.

Claim Reimbursements

You can only receive reimbursement up to the amount that has been payroll deducted to date. Claim reimbursement is based on the date you receive the dependent day care service, not the date you pay the invoice or the date you are billed. The DCFSA plan year runs from January 1, 2027, through December 31, 2027, and you have until March 15, 2028, to submit claims.

Eligible Expenses

Here are some of the most common Dependent Care eligible expenses. A full list of eligible expenses can be found at www.healthequity.com or on IRS Publication 502.

Common Eligible Expenses
Payments to nursery schools, day care centers or individuals who satisfy all state and local laws and regulations

Eligibility and Enrollment

Employees become eligible to participate on the first of the month following 30 days of employment. Employees are **auto-enrolled** at a **6% pre-tax** contribution rate beginning with the first payroll cycle after meeting the eligibility requirement.

Growing Your Account Balance

Employees may contribute 1% to 100% of eligible pay through pre-tax and/or Roth (after-tax) contributions. The combined contribution limit for 2027 is **$25,500 annually**, subject to IRS limits. **Catch-Up Contributions** are available to eligible employees based on the age they reach at the end of the calendar year.

Employer Matching Contributions

The company matches **100% of the first 3%** you contribute and **50% of the next 2%** you contribute. You will become fully vested in your employer match after 2 years of employment.

Investments

You have a variety of investments to choose from. You can either "build your own portfolio," select a "pre-built portfolio," which is an investment option that is based on your expected retirement age (called "Target Date Funds"), or you can select the plan's professionally managed investment solution (called "Target My Retirement").

We maintain the HIPAA Notice of Privacy Practices for DBM Global. describing how health information about you may be used and disclosed. You may obtain a copy of the Notice of Privacy Practices by contacting the DBMG Benefits Department at benefits@dbmglobal.com.

Notice of Choice of Providers

UnitedHealthcare generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact UnitedHealthcare at the member services number on the back of your ID card.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from UnitedHealthcare or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact UHC.

HIPAA Notice of Special Enrollment Rights

If you decline enrollment in DBM Global's health plan for you or your dependents (including your spouse) because of other health insurance or group health plan coverage, you or your dependents may be able to enroll in our health plan without waiting for the next open enrollment period if you:

- Lose other health insurance or group health plan coverage. You must request enrollment within 30 days after the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request health plan enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within 60 days after the loss of such coverage.

If you request a change due to a special enrollment event within the 30-day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in DBM Global's health plan if you become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within 60 days after you gain eligibility for medical plan coverage. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2025. Contact your State for more information on eligibility—

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the following deductibles and coinsurance apply:

- $1,000 Deductible, 20% Coinsurance
- $2,200 Deductible, 20% Coinsurance
- $3,500 HDHP, 30% Coinsurance

If you would like more information on WHCRA benefits, contact DBMG Benefits Department at benefits@dbmglobal.com.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, contact DBMG Benefits Department at benefits@dbmglobal.com.

The 'No Surprises' Rules

The "No Surprises" rules protect you from surprise medical bills in situations where you can't easily choose a provider who's in your health plan network. This is especially common in an emergency situation, when you may get care from out-of-network providers. Out-of-network providers or emergency facilities may ask you to sign a notice and consent form before providing certain services after you're no longer in need of emergency care. These are called "post-stabilization services." You shouldn't get this notice and consent form if you're getting emergency services other than post-stabilization services. You may also be asked to sign a notice and consent form if you schedule certain non-emergency services with an out-of-network provider at an in-network hospital or ambulatory surgical center.

The notice and consent form informs you about your protections from unexpected medical bills, gives you the option to give up those protections and pay more for out-of-network care, and provides an estimate of what your out-of-network care might cost. You aren't required to sign the form and shouldn't sign the form if you didn't have a choice of health care provider or facility before scheduling care. If you don't sign, you may have to reschedule your care with a provider or facility in your health plan's network.

This applies to you if you're a participant, beneficiary, enrollee, or covered individual in a group health plan or group or individual health insurance coverage, including a Federal Employees Health Benefits (FEHB) plan.

ACA Disclaimer

This offer of coverage may disqualify you from receiving government subsidies for an Exchange plan even if you choose not to enroll. To be subsidy eligible you would have to establish that this offer is unaffordable for you, meaning that the required contribution for employee only coverage under our base plan exceeds 10.22% in 2027 of your modified adjusted household income.

Medicare Part D Notice

Important Notice from DBM Global About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with DBM Global and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. DBM Global has determined that the prescription drug coverage offered by UnitedHealthcare is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?
If you decide to join a Medicare drug plan, your DBM Global coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under UnitedHealthcare is creditable (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your DBM Global prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

Medicare Part D Notice Continued

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with DBM Global and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through DBM Global changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at socialsecurity.gov, or call them at 800-772-1213 (TTY 800-325-0778).
